WEDDING

CARGYLE-McGREGOR

A wedding of very much local interest was solemnized in Vancouver, May 23rd 1946, when Annie Dolina younger daughter of Mr. and Mrs. Hector McGregor former residents of Strathmore for a number of years became the bride of Mr. Oscar Cargyle, eldest son of Mr. and Mrs. Sidney Cargyle of Ascroft, B. C. The Rev. A. J. Wilson performing the ceremony. The winsome bride, given in marriage by her father looked very attractive in a street length powder blue dressmaker, suit, white open crown hat with finger tip veil, navy shoes, and long white gloves. She wore a corsage of pink rosebuds, carried a white prayer book and wore a train of pearls, the gift of the groom.

The couple were unattended. After a wedding breakfast for immediate members of both families and a few close friends the young couple left for a brief honeymoon on Vancouver Island.

The groom is engaged in business in the interior of B. C.

Annie McGregor is lovingly remembered in Strathmore by a host of friends. She attended the Strathmore School and was numbered among the brightest students graduating from the High School some six or seven years ago. She was active in C. G. I. T. and in the Sunday School of the United Church. About three years ago she went to Vancouver planning eventually to take a course in Journalism. Her many Strathmore friends will wish for her and her husband the very best of happiness and success through out a long life together.

D. McMurray Moves To Montreal

Mr. D. McMurray Supt. of the C.P.R. Exhibits Branch in Strathmore for the past fifteen years has been promoted to the Head Office in Montreal, duties to commence July 1st. He leaves for the Eastern city early next week.

During his residence in Strathmore Mr. McMurray has been closely associated with the United Church, Supt. of the Sunday School, a member of the Session, and also of the Improvement Committee.

He has been an enthusiastic golfer and has assisted considerably in the H. & S. Assn., also President of the School Fair.

Mrs. McMurray and family will remain in Strathmore for the present.

The contents of the Exhibits Branch that have been housed in the Warehouse at Strathmore for these many years will be removed to the Museum at Banff in the near future. Thus one of Strathmore's interesting activities has passed from our locality.

ANNIVERSARY SERVICE

UNITED CHURCH, JUNE 20TH.

The Official Board marks 40 years of services in Strathmore. The anniversary message will be given by the pastor who concludes his six years' ministry on that day.

Community Council

The answers to the questionnaires have now been tabulated. Results follow. Only the choices 1 - 5 were considered.

Activity	First Choices	Fifth Choices
Library & Reading Room	51	120
Hockey	61	117
Tennis	12	61
Baseball	27	150
Golf	16	70
Gymnastics	7	21
Basket Ball	2	50
Association Football	0	22
Rugby Football	0	40
Bridge and other Card Games	8	52
Gymnasium	40	115
Handicrafts	35	106
Study or Discussion Groups	1	33
Dramatics	10	60
Music	18	98
Art	4	46
Hobbies	6	57
Folk Dancing	6	52
Indoor Games	7	50
Track & Field	0	47
Skating	21	115
Volley Ball	12	20
Modern Dancing	10	10
Pool	1	1
Fishing	1	1
Bowling	18	18
Swimming	10	10
Horseshoe	1	1
Shopwork	1	1
Billiards	1	1
Squash	1	1
Brownies	1	1

The Lions' Swimming Pool will be officially opened July 1st. The Community Council is guaranteeing the cost of supervision. The Town Council is to fence the Pool. Season tickets are now on sale from the school or any member of the Community Council at \$1.00 per family. The Lions hope to build a wading pool for the young children very shortly.

Death of Bobby Way

Strathmore and district was greatly shocked Monday morning when it learned of the death of Robert William Way, Age 22, known to all as Bobbie.

He was the eldest son of Mr. and Mrs. Clifford Way and leaves besides his parents three sisters, Helen, Ruth and Ethel; two brothers, Lawrence and Ralph all of Strathmore. His grandparents Mr. and Mrs. W. G. Way in Ontario and Mr. and Mrs. Robert Kirkpatrick in Ireland as well as several Aunts, Uncles and Cousins.

Bobbie was of a very happy nature and active in sports, making many friends. He was a member of the United Church, the Lions' Club, Strathmore Baseball and Curling Clubs.

Services were held on Wednesday at 2:00 p.m. from the United Church, Rev. S. R. Hunt officiating. Interment in Strathmore Cemetery.

Pall Bearers were Walter Boiesvain Walter Snook, Jack Wilkinson, Louis Morton, Vaughn McNeil and John Kuyten.

Arrangements were in charge of Melvin & Holloway.

The sympathy of the community is extended to the Way family in their untimely bereavement.

TOWN COUNCIL

Four Councillors and the Mayor were present at the meeting on Tuesday evening and were faced with a fairly short agenda.

It was agreed that a determined effort should be made to clean up the situation obtaining with regard to land in town which has gone up for tax sale and never been claimed by the Town with the result that there is considerable paper work to do to obtain title.

Tax penalties for unpaid taxes in arrears were set at the same figures as previously, that is 35% every half year.

Two lots on which the bid has been hanging fire for some time are to be held for a month, following which time they will be sold to the first bidder.

Councillor Scudlitz was appointed Deputy Mayor for the ensuing three months period.

The report of the Fire Commissioner came up for consideration and steps will be taken at the next meeting to interview some of the offenders.

A letter of thanks was agreed on for the work L. F. Wheeler had done with his post-hole digger at the Lions' Swimming Pool.

The Public Health Officer is to be asked to check on some of the sanitary conditions in town where it is felt a public nuisance exists.

It was agreed to allow the Lions Club to use the skating rink for their carnival on June 29th. There are no lights at the swimming pool, where it was first proposed to hold it, and in any case, the rink is landier for most people.

The Public Works Committee was asked to check into the possibilities of fixing the road at the Club Cafe corner, which at present is quite dangerous under certain conditions.

Accounts to the amount of \$154.00 were passed.

Farmers' Day June 21

June 21st is Farmers' Day in Canada. The decision to hold such a day was made at a meeting of the Canadian Federation of Agriculture some months ago. All farm organizations and all farmers are urged to take a holiday and make the inaugural event a success.

To our knowledge this is the first farmers' day ever held by any nation in the world. Maybe we are making history. Be sure to put a circle around the date June 21st and plan some activity ahead of time. Let us make Canada's first Farmers' Day a real success.

Fairweather Camp

Any boy or girl from the age of 11 to 17 who would enjoy and co-operate in a program of outdoor life, with Bible Study, and discussion in life-building, under good leadership at a beautiful campsite, 12 miles from Calgary is invited to register at once with Rev. S. R. Hunt. This Camp has been attended by those coming from Drumheller, Nanton, and Field, B. C. so be assured you are welcome.

Dates—Boys' Camp, July 1 - 20th. Girls' Camp August 1 to 10th.

Rates \$1 registration, \$5.50 additional at Camp. Groups of four or more from any church or community, \$6 additional.

Gwen Hunt will direct the Girls' Camp.

Bill Julian, Blaine Chapman and other good leaders will assist at the Boy's Camp.

Men's Club Meeting

It was an enthusiastic and jolly group of members and guests that attended the monthly meeting of the Men's Club, held in the Memorial Room of the United Church on Monday evening last, with Vernon Hanson presiding.

A great deal of credit is due the staff of Hansen's Restaurant who provided and served the excellent and beautiful dinner to which the twenty-one guests did full justice.

Following dinner, Mr. Keith Baldwin proved himself a clever and interesting speaker, and held the keen interest of his audience with a very educational talk on the lumbering industries of Northern Saskatchewan, covering the time a tree was marked for cutting, following all through the entire process until the material was loaded on cars as "finished" lumber.

A pleasing contribution to the programme were the C. P. R. supply films shown by Anson Chase, on "Winter Sports in Quebec" and on "Sparkling Waters" covering a trip by canoe in Northern Ontario and still another on Beautiful English scenes in Sussex.

Then as a climax to the happy and informal evening Mr. Norman Scheer, on behalf of the members of the Men's Club presented Rev. Stanley Hunt and Mr. D. McMurray each with a handsome brown leather billfold and with a few well worded remarks paid high tribute to these two men for the work they have done in the church activity.

Rev. Hunt and Mr. McMurray were also instrumental in organizing the Men's Club which has proved successful and entertaining. Mr. Scheer also spoke of the regret all felt at the removal from Strathmore of these two popular and respected men and wished them God speed in their new work.

In replying both Rev. Hunt and Mr. McMurray spoke of the happy and treasured years spent in Strathmore and Mr. McMurray spoke of his future retirement at which time it was his desire to return to Strathmore and carry on with the church work which he so much enjoyed.

It was decided to discontinue the meetings until next fall.

BERRY VALE WOMEN'S INSTITUTE

The June 13th, meeting of the Berry Vale W. I. was held at the home of Mrs. Paul Jost. Roll Call was current events; the grab box was answered by twelve members.

The cover for the scrap book was decided upon and leaflets for same were turned in, making a very interesting book and one to be enjoyed in the future by all the members.

Mrs. F. Hilton was elected as delegate to the coming Conference in Strathmore.

The grab box was passed around at 5c a draw and realized 50c.

A good amount of used clothing was gathered up for the clothing drive.

The June 27th meeting is to be at Mrs. J. Bazants. Roll call will be Home made cookie sale, and bring the recipe for this.

COMING EVENTS

Dance at Meadowbrook, Friday, June 28. Music by Harold Anderson. Supper will be served. 2:30c

Dance on June 21, Farmer's Holiday. Held under the auspices of the UFA, AFU, UFWA. Proceeds will be devoted towards enjoyment of a picnic to be held July 24. A special invitation to Town people to support those who support you. 2:30c

Cryolite or Ice-stone, used in making aluminum, is found in commercial quantities only in Greenland.

FARMER'S COLUMN--

By R. J. M.

June 21st is the first Nationally declared Farmer's holiday that we have had. Of all the usefully employed people of the West the farmer is one that deserves a holiday. They fill a national role of importance and should be recognized accordingly. Just now they are in an enviable position but this hasn't always been so. Don't forget the hungry thirties. What more appropriate day than June 21st the longest day of the year and the first day of summer for such a holiday.

Cicero, has written: "Of all occupations from which gain is secured, there is none better than agriculture, nothing more productive, nothing sweeter, and none more worthy of a free man". This was written centuries ago and is just as true today. We have many problems at present that influence farming as in "Cicero's" time. Part of the land farmed at that time has been abandoned and the fertility of the other land has been greatly reduced. The farmer of today must care for his land more carefully than did the old time Greeks. Soil erosion is present with us in this comparatively new farming area. There is no new continent to migrate to, if we ruin our present soil heritage. This being the case, it behoves every farmer to make the best use of his land and learn to combat his problems with intelligence and understanding.

I think one way to accomplish this is for a few days of holidays in which a group of farmers take their families and travel out of their own Province and see how other farmers are meeting their difficulties. If you arrange such a survey and see a farm that attracts your attention, call in and visit with this farmer. Learn all you can before moving on. This holiday could be planned to include one or more of the Experimental stations or farms. The selection of this station should be the one that is meeting the difficulties as you have on your farm. You will find that the Officials of these stations are very willing to discuss the work being carried on and any experimental undertaking on that farm.

Your family will enjoy such a trip. Don't plan to cook your own meals while so travelling. Your wife likes a holiday from her kitchen duties. She will be interested in the flowers and gardens, small fruits and even the chickens.

Perhaps my suggestion of a holiday like the above could be called a business holiday. During the homestead era, transportation was limited and knowledge by observation was curtailed. This is not so today and I am sure we can learn by observing what someone else is doing. Our eyes, if trained can show us many unusual and useful ideas. Why not a group of you farmers plan a holiday trip to Lettbridge Experimental farm, or go to Lacombe?

EXERCISE FOR HEALTH

Exercise, like food, should be enjoyable to be truly beneficial, says an authority in the Department of National Health and Welfare, Ottawa. "Do you sit without sag, and stand without strain?" this public health officer asks, "if not you may need exercise. Learn to play every day and be as alert in body as in mind."

If you can't use it, perhaps someone else can - - sell it with a Standard Classified.

Please Note

Collection of all clothing for stricken Europe will be made not later than Thursday June 27. Please have your parcels ready when the collectors call.

NATIONAL CLOTHING DRIVE

How can I help the second National Clothing Collection which the Dominion Government is sponsoring?

Many people have been asking themselves this question and in order to facilitate the work of the volunteer collectors the following is a partial list of the things that are badly needed by the millions of people in Europe whose homes were destroyed and belongings looted by the enemy during World War II.

Suits, overcoats, uniforms, work clothes for men and boys.

Infant clothes of all types.

Coats, dresses, aprons and smocks for girls and women.

Shoes in pairs, tied securely with string.

Caps, felt hats, knitted headwear, gloves, woolen socks, underclothing, piece goods, blankets, sheets and linens, draperies and remnants.

All washable garments and goods should be washed, but they need not be ironed. Other garments need not be dry-cleaned. Clothes without buttons are acceptable as supplies of buttons are now moving into lands where the clothing will be worn.

Items that cannot be baled should not be given. These include straw hats, feather beds, pillows and mattresses.

The aim of the National Clothing Collection, states William M. Birks, national chairman, "is the gift of at least one garment from every man, woman and child in Canada. That should not be too difficult in a country where the people are among the best fed and the best clothed in the world."

Letters of good cheer may be attached to contributions, if the donors wish to send a message with their gifts.

Every organization and group—church, labour, social, welfare, service and other clubs has been invited and has promised its co-operation, and persons who are not associated with any such groups are invited to get in touch with their community chairman as soon as he or she is appointed, so that Canada's second contribution to Europe's suffering millions may be successful.

A. M. A. PLANS TO EXTEND MEMBERSHIP SERVICES

Extension of services to members was discussed when the midsummer meeting of provincial directors of the Alberta Motor Association was held recently in Calgary.

A committee was appointed to make a full report on such extensions when the annual meeting of the A. M. A. is held next December.

Among the possibilities is an extension of the road marking services. This probably will be carried on to some extent this summer along secondary highways, and consideration to this step already has been given.

The provincial government marks the main highways, and the Motor association, prior to the last war, did some extensive marking of secondary highways. Now this is felt to be a pressing need, in view of the steady increase in traffic and prospects for a much heavier volume of motor tourist travel next year.

DRY ORANGE JUICE ON THE MARKET

Orange juice in powdered form, requiring only the addition of water, is to go on trial in the U. S. The Financial Post reports. Produced by high vacuum dehydration process, the powder is said to retain fresh orange flavor and vitamin content.

A Message From The Minister Of Agriculture

I value this opportunity highly of expressing appreciation to the farm people of Alberta for their magnificent contribution to the cause for which this nation fought in the Second World War. That contribution was literally in blood, tears and sweat, blood of the farm youth who made the supreme sacrifice, tears of their loved ones, and the sweat of those who remained on the farms to produce, under many difficulties, larger quantities of agricultural products than ever before.

Although the war is over, the need for food is even more acute than ever. Agriculture is faced on a larger scale than ever before with its time honored and primary challenge of feeding the world. That is the task to which farm people must dedicate themselves anew, and they will not fail!

Hon. D. B. MacMillan,
Minister of Agriculture
Government of the
Province of Alberta.

Professor: What books have helped you most?

Student: Mother's cook book and Father's cheque book.

NIGHTINGALE

—By Mrs. F. H.

The Womens' Institute held their meeting on Wednesday June 13th at the hall. Miss Grace Way was hostess for the day. Each member was to represent a book title and some were hard to guess. The ladies worked steadily on the quilt and finished it. Mrs. Don Dougan read a paper on International affairs and covered a great many events. Mrs. Orrie Otto, Grants Pass, Ore., and Mrs. Wm. Koch of Calgary were welcome visitors. A delicious tea brought to a close a very pleasant afternoon. The next meeting will be at the hall, July 5th, current events for roll call.

Nightingale school children had their usual good time at the annual picnic held at the school grounds last Friday afternoon. The regular school team played a game of ball with the visitors and won by a score of 21-14. There were races of various types though for a while a dust storm hindered the sports. During the supper

hour the students cashed in on their ribbons for honors won in the races, and the high point winners received special prizes. A bountiful supper including plenty of ice cream was served and the parents and children all voted it a very happy success.

Mr. and Mrs. Frank Bisacre, also Mrs. Bisacre Sr. of Strathmore were Sunday guests at the Stoodley home.

A number of ladies attended the W. I. conference in Strathmore last Tuesday.

Ready AND ABLE FOR THE BIG TASK AHEAD

With silent yet perceptible determination and an awareness of the urgency of the great need for foodstuffs, the Canadian farmer has accepted the responsibility which is his to maintain and increase the output of farm products so important in our national economy and so essential to relieve the critical shortage in world supplies.

Provided, as he now is, with purpose nobler than self-interest, he sets himself to the task with loftier ambition and renewed energy. Eager he is for that conscious recognition within himself of having a definite and necessary part in the national welfare in its domestic and export activities. Zealous is he that his contribution may be worthy and adequate.

By his side, ever ready to help make more effective the farmer's effort is the Canadian implement maker whose co-operation in furnishing the most efficient machines enables him to multiply his output and extend his activities so that today he produces more with less manpower and in the most economical manner yet attained.

Never were the opportunities in agriculture more promising—never was the Canadian farmer better fitted or better equipped to make the most of those opportunities. In the future as in the past Massey-Harris will endeavour to develop, supply and service equipment that will make it easier for the farmer to fulfill his plans and aspirations.

AGRICULTURAL WEEK

This week is designated throughout Canada as Agriculture Week.

We gladly pay high tribute to this fundamental industry, and unquestionably place Agriculture in the fore-front of the world's necessary activities.

Food is man's first essential. It is a truism to say that only by the tilting of the soil is this sustenance for the world's millions provided or obtained. It is a far cry from the methods of farming that prevailed in Canada in our Grand father's days when the seed was sown by hand and reaped by the sickle or scythe to the tractor and combine methods of today.

We hail the progress.

Farming is sturdy work, and sturdy work develops sturdy characters, and a broad outlook on things in general, as he cultivates his acres on the broad plains.

The Agriculturist of today is a man of many sided interests and to enumerate would overtax our space. It is a healthy sign in the Nations outlook that Agriculture is at least receiving the recognition it merits, and the opprobrious epithet of "hayseed" no longer applies nor is heard.

With glad acclaim we salute Agriculture and Agriculturists and we speak for their fertile fields and constant markets.

LONDON'S BURNING

And so may Strathmore be—

The cotton nuisance is again with us, and apart from constituting an annoyance physically, it is a real menace from a fire point of view. On these hot, dry days the stuff is like tinder, and residents have had ample chance in the past to learn of its highly dangerous nature.

Several small boys have "had fun" with cotton and matches in the past days; fun which eventually causes havoc somewhere.

A large number of citizens have taken the step of cutting out these cottony trees in recent years, and have hoped to eliminate the nuisance, but still they receive a large share of it from trees in the neighbourhood.

FARM DANGERS

July 21 to 27th has been designated by the Alberta Industrial Accident Prevention Association as Alberta Farm Safety Week. Their aim is to cut down and eliminate accidents on the farm, and in the industries of the province. Tying in with Salute to Farmer week, they have written the following article.

The time has come for the farmer to heed the danger signals telling him of the peril in which he lives and works.

The year before last saw 258 farm people die before their time. Children, old people, and those in the prime of life fell victims to accidents that should have been avoided. At least 28,000 accidents in that year caused farmers to lose time from work; to spend money on medical and hospital care, and in many cases to shop for artificial legs, arms, and eyes.

The farmer must do so many things for himself that he could properly be called a Jack-of-all-trades, facing the risks of each, but lacking the protection of any. No Government agency inspects his farm, forcing him to use safeguards, and no one pays him compensation, or gives him free medical aid and hospital treatment when he is disabled.

One more job must be added to the long list. He must become his own Safety Engineer, spying out danger hazards, giving up dare-devil methods of handling machinery, horses, and livestock; inspecting his barn for unguarded feed chutes that someone might fall through; eliminating fire hazards, and devising ways of escape for his family should fire strike.

So much can be done to prevent accidents, and right now is the time to start your own Safety Campaign.

THE ALBERTA INDUSTRIAL
ACCIDENT PREVENTION
ASSOCIATION

Directors of Alberta Farm Safety Week, July 21 to 27th.

ALBERTA'S FORESTS AND RIVERS

Alberta's forest area measures nearly six times as large as the kingdom of Belgium. By far the greater part of the provincial woodlands grows on soil not adapted to agriculture. This is especially true of the waterbared forests that act as the governor of the Alberta rivers flowing out of the Rocky Mountains. The land in which the tree growth is rooted holds no attraction for the farmer. Stripped of forest cover it tends to disintegrate under the heavy wash of spring floods. Nature clearly designed such locations to be kept permanently in woods which, in turn, supply highly-essential control to waterfloods and at the same time furnish unsurpassed scenery.

Switzerland's foothill and mountain areas are somewhat similar to those of Alberta. The Swiss experimental station, one of the oldest in the world, found startling proof of the watershed forests in regulating rivers. Two on most identical areas have been under long study. One was 98 per cent wooded, the other 30 per cent. At high water periods, the channel of the deforested region carries 30 to 50 per cent more water than the wooded region. In prolonged dry spells, the springs of the deforested region dry up completely and the bed of the stream is dry, while the stream from the wooded region produces water in steady supply. What surprises many investigators is that the amount of water discharged by the two streams during the year is about the same. In other words, Mother Nature designed the watershed forests to feed the rivers with a regulated flow, but in doing so does not waste the water itself.

For too long we have neglected these forests, or let them look after themselves. It is more than time that adequate measures should be taken to give them adequate protection, and to encourage them in continued and improved supplying of water.

CHANCELLOR

— By Mrs. J. M. W. —

Mr. Wesley Peterson left this week to visit friends in Blair and Ormaha, Nebraska.

Mr. G. C. Phillips attended the grand Lodge, A.F. & A.M. in Edmonton and was installed as the District Deputy.

J. M. Wheatley attended the Fish and Game Association meeting in Edmonton this week.

Mrs. E. Crowe returned home from Manville, where she has been visiting her daughter Edna for two weeks.

Many Chancellories journeyed to Cluny on Friday to watch the ball game, which resulted in Cluny winning by a big margin.

Mr. and Mrs. Strom left on Sunday for a visit to their home in Victoria. Dennis Myrhu and Mills Shaw of Standard were ham radioing at Phillips on Saturday evening - ham radio friends from Duchess were there on Friday evening.

A close ball game was played here on Sunday between Chancellor and Strathmore, the home team winning by one in the last inning.

Mrs. H. Chamney poured tea at the home of Mrs. Alice Spurling on Saturday afternoon, when the latter was entertaining the Grand Officers of the O. E. S.

Look for the posters of the Chancellor Sports day to be held July 17th.

ARDENODE

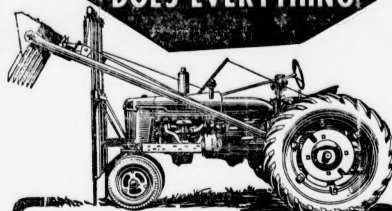

— By Mrs. H. S. —

Mrs. A. W. Ancell and infant daughter of Saskatoon are spending several weeks at the home of Mr. and Mrs. J. A. Lytle.

Mr. and Mrs. J. M. Wise entertained Sunday for Mr. and Mrs. Ambrose Wise of Rockyford, Mr. and Mrs. A. Preize and daughter Charlene of Dalemead, Mr. and Mrs. L. Hilton and family of Strathmore also Mr. and Mrs. Hendrickson of Calgary.

Our deepest sympathy is extended to Mr. and Mrs. Cliff Way and family in their very sad bereavement.

Get the Loader that
**GOES EVERYWHERE

MILLIONS LIKE HIM ARE IN DESPERATE NEED

... of YOUR
spare clothes,
blankets, boots

*What can you spare
that they can wear!*

● Still the need cries out. Still homes and villages lie shattered in the aftermath of war. Without adequate clothing how can they face the task of re-building ... how face the winter? For the sake of the world's future, we must continue to help them. Blankets and sheets for the hospitals ... underwear and shoes ... sturdy work clothing ... warm garments for folk of all ages ... all of these are needed. Many are lying unused in your closets. Dig them out today ... bundle them up and take them to the nearest Post Office or National Clothing Collection depot.

WHAT YOU CAN DO

1. Get together all the clothing you can spare. Wrap in paper; tie securely; tie boots and shoes in pairs. You can include a short personal message with your contribution.
2. Take it to your nearest post office or collection depot.

IN MEMORIAM

In loving memory of our dear Mother, Charlotte Rodfrey, who passed away June 18th, 1945.
Many a day her name is spoken,
And many an hour she is in our thoughts.
A link in our family chain is broken,
She has come from our home.
Ever remembered by her children Mable, Eva, Roy, Ed, Wm. and Jim.

CARD OF THANKS

Mr. and Mrs. Clifford Way and family wish to extend their heartfelt thanks and appreciation for the acts of kindness, messages of sympathy and beautiful floral offerings received from their many friends in their untimely bereavement.

CARD OF THANKS

We, the survivors, would like to extend our sincere and heartfelt thanks to the community for the generous gifts and good time that was provided for us in the hall at Carlsland on the event of our return. We would especially like to thank the ladies of the community for the decorative effects in the hall as well as the good food that was served. We also wish to thank any other individuals who in any way contributed their energy and time in making the wedding home dance possible. We will always think of that night in the warmest way and recall it as a fitting reward for the service we rendered you.

Yours truly,
J. E. Cole.

STANDARD

(By Mrs. R. G.)

Sunday afternoon June 16 friends and neighbors gathered in the basement of the church to celebrate the silver wedding of Mr. and Mrs. Nels Jensen. The five children of Mr. and Mrs. Jensen were all present. The basement was decorated with streamers of red, white and blue and lovely bouquets of spring flowers graced the coffee tables. Rev. Jorgensen was chairman for the occasion. Many speeches and vocal numbers were enjoyed. Mr. William Myrthu made the presentation of a lovely chest of silver to the bridal couple. Mr. Nels Jensen very ably thanked all for the gift and also those who had made the occasion possible. A very enjoyable hour was then spent over the coffee cups.

Mrs. William Petersen left Saturday evening from Gleichen on the first lap of her journey to Denmark where she will visit with relatives.

Rev. Jorgensen and Mr. Wesley Petersen motored to Blair, Nebraska and are attending the Lutheran Convention there.

There were quite a few people from Standard who attended the Indian Stampede on the reserve on June 12.

The United Church Ladies Aid held their meeting at the home of Mrs. T. Nielsen. After the usual business was completed Mrs. C. P. Dahl who is leaving this community was presented with a very pretty corsage and a lovely book entitled "Christ and The Fine Arts" from members. Mrs. Dahl will be missed very much as she is such a willing helper wherever needed. A very delicious lunch served by the hostess concluded the afternoon.

The community was saddened by the death of Mrs. Percy Bath on June 8th, after a very long illness. The funeral service conducted by Rev. Jorgensen, was held in the Church with burial in the Standard Cemetery. She leaves to mourn her loss besides her husband Percy, two daughters Margaret and Kitty and two sons Duncan and Robert. Sincere sympathy is extended to the bereaved family.

The Coffee shop in the Banner Hotel opened last Saturday.

CARD OF THANKS

To My Friends and Standard:—
My husband and I wish to express our most sincere thanks to all in Standard who contributed towards the lovely gifts that were sent to us for our wedding.

We were most happy to receive the lovely useful articles each of which will find a treasured place in our home; many of the gifts were unobtainable here at the present time.

Thanking you all again for your kind thoughts of us and especially do we appreciate the careful selection and packing of the gifts.

Sincerely,
Mrs. Jack Simmons,
nee Joyce Christensen.

Tribute To The Farmers

Friday, June 21st, has been set aside as "Farmers' Day" throughout the Dominion of Canada. On this day — the first event of its kind — the Canadian should pay tribute to the contribution the people on the farms have been to the upbuilding of the Dominion.

The partnership of land and farmer is the rock foundation, not only of our national set-up, but of the civilization of the world. If either member of this partnership falters or fails, the whole superstructure crumbles. Nations rise or fall mainly on their food supply.

The Canadian farmer is the father of his country. He descended from pioneers whose lives were almost entirely agricultural. He pushed the frontiers from the Atlantic seaboard, from Quebec and Ontario, across the Canadian prairies to the Pacific Ocean. His ideals of independence and liberty have been the basis of the entire Canadian achievement.

The contribution made by Canadian farmers to Canada, to Great Britain, and to the United Nations during the war years, is an epic achievement. Since the war ended these farmers have striven to the utmost to supply the starving people in the unfortunate lands harried by the conflict. At the same time Canadian farmers provided food for Canadian people in such abundance and variety, and at such a comparatively low cost, that this nation stands today a realm of plenty amid scenes of desolation and starvation.

Man for man the greatest food producer in the world, the Canadian farmer is entitled to the appreciation of the Canadian people.

RURAL GLEICHEN

Mr. and Mrs. A. Buckley of Olds visited several days with friends in the Gleichen district.

Mrs. E. Waters is enjoying an extended visit from her mother from Sask.

Sarah MacMullen who is training at the General Hospital in Calgary is spending her holiday at home.

Jack Bell is again employed at the Central Motors in Gleichen.

Helen Kelly of Calgary spent several days with her parents Mr. and Mrs. P. Kelly.

Leonard Quinell who has been stationed in Edmonton for a month was home for the week end.

Mr. and Mrs. J. Umbrite were visiting his parents Mr. and Mrs. R. P. Umbrite over the week end.

The road for four miles north of town is being graded from the Gleichen gravel to the Chumy gravel and next year it will be graveled.

Mr. and Mrs. D. R. Oliver spent the week end in Calgary, and attended the wedding of their son Ryland, Saturday evening at the North Hill United Church.

Friends received word that Mrs. H. H. Ellis and Howard, who formerly lived here are visiting in Idaho, and plan to come to Canada for a visit before returning to their home in Missouri.

Mrs. A. F. Wilson spent the week in Calgary caring for the children of Dr. and Mrs. A. E. Wilson who were attending the Medical Meeting in Banff. Thursday a number of ladies gathered at the home of Mrs. McLeay and finished a quilt that will be taken to the conference at Brooks on June 22 and disposed of for the benefit of the Robert Gardener Scholarship Fund.

Mr. and Mrs. J. MacMullen are enjoying a visit from the formers' sister and her husband.

Mr. and Mrs. Ivan Brade of Calgary spent Fathers Day with Mr. and Mrs. Robt. Cunningham.

Mr. and Mrs. Leon Desjardines went to Calgary last Thursday to attend the graduation exercises at St. Mary's High School. Their daughter Leona was a member of the graduating class. They were accompanied by Mrs. Gagnon and her brother W. D. Coyne and Mrs. Coyne of Portland, Ore. who have been visiting here for the past month. Many other friends of Miss Leona were present, including Father LeBel and Mrs. Rose Cunningham.

Mrs. Gagnon left Friday for an extended visit with her daughter Mrs. Logan Gow at Borradale.

In the Chumy Sports Day tournament Jack Wilson of Meadowbrook team had the misfortune to get the middle finger of his right hand badly hurt while catching. We are indeed sorry for it will keep him out of the game for some time.

Meadowbrook won the Sunday game against Standard by a score of twelve to ten.

We are glad to see Ralph Rogan back on the job at the Indian Agency.

There will be evensong in St. Andrew's Church on June 20th. at 7:30 p.m. conducted by the Rev D. A. Ford B. A.

Holiday Meals

Since it is realized that food available on a holiday can make or mar an outing, the Department of National Health and Welfare has prepared for free issue on application, a "Master Menu Pattern", which gives some pointers on how to make the most of things outdoors. The booklet is available from provincial health departments, or from the national department, Ottawa.

BEST SEED POTATOES FOR HOME GARDEN

With the world confronted by the greatest food shortage of all time the need of home gardens is greater than ever before. The potatoe is the most universal vegetable consumed in Canada and should, where possible be con-

sidered when planning the garden. Table potatoes should not be used as seed. If the most food and the greatest enjoyment from gardening are to be attained, certified seed potatoes should be planted. Such potatoes have been inspected twice during the growing season and again after harvest by qualified inspectors of the

Plant Protection Division of the Dominion Department of Agriculture. Only potatoes found to come within standards set by the Department are permitted to be sold as seed. Genuine certified seed can be obtained from seed stores. All packages of 10, 15 to 25 pounds will bear a sticker giving the name of the variety and the cert-

ification number. Bags of 50 pounds or more have a government certification tag attached, giving the name of variety, the certification number and the date of inspection. There are two sizes of certified seed—1½ to 3 ounces and 3 to 12 ounces. Either size is suitable for the production of table potatoes.

Will You Be Satisfied with \$1.25 a bushel For Your Wheat?

63c. (or More)

A BUSHEL

Are You
Satisfied?

IF NOT . . .

Protest
Protest

A Canadian Press despatch dated from London, May 23rd reported that a delegation then in London had assured the British Government that our Prairie farmers would be satisfied **WITH A MAXIMUM PRICE OF \$1.25 FOR THEIR WHEAT** (Basis No. 1 Northern, Fort William).

WILL YOU BE SATISFIED with any such price — this year — next year — or for even longer?

What if the world price goes still higher next year? Would you be satisfied with \$1.25?

Even the British farmer got \$1.78 for his wheat this year and is guaranteed \$2.00 for next year's crop.

Why then should British importers expect to buy your wheat (which is of superior quality) for less money than they guarantee to their own farmers?

The French farmers are guaranteed \$1.78 for this year's crop, and yet the delegation is reported to have said that you will be satisfied with \$1.25.

The United States' farmer is now getting the equivalent of \$2.18 a bushel in Canadian money for his wheat — so by comparison you are already losing 63c a bushel even if you get the full \$1.55.

IT DOESN'T MAKE SENSE. We do not think that any such price as \$1.25 represents your will or any agreement on your part — regardless of whether you are a member of a Wheat Pool or not.

Members of the Winnipeg Grain Exchange are strongly in favour of a healthy FLOOR price, but they firmly believe that prairie farmers should get the top prices that other nations' farmers are now getting for wheat.

THINK THIS OVER. Then do more than just think. **ACT — PROTEST — AND PROTEST LOUDLY AND LONG** to the powers that be, until you get justice. **DEMAND** that your elected representatives secure for you justice and equality of prices.

THE WINNIPEG GRAIN EXCHANGE

LANGDON

— By G. E. W. —

A very pleasant time was spent on Thursday afternoon when several ladies of Langdon and district paid a surprise visit to Mrs. Catharine Jessey to celebrate with her, on her 77th birthday. Bingo was played for a short time after which a very tasty lunch was served. Mrs. Buntin president of the W. I. presented the guest of honor with a very pretty wall plaque, a gift from the 21 ladies present. Everyone sang 'happy birthday' and Mrs. Jessey graciously replied.

Mr. and Mrs. W. Courtney, have as their guests, their daughter, Mrs. Aust in and small sons, John and Larry from B. C.

Mr. and Mrs. Schmale and family, spent Sunday visiting in Blackie.

The School picnic will be held this year at St. George's Island on Friday June 28th.

The Langdon Sport's Club, are sponsoring Miss Connie Wilson as their entry to the coming forth, "Bathing Beauty Contest" to be held in Strathmore. Connie is well known in the Langdon district and attends school here. She was winner of four firsts and seconds in the recent track meet, likes most every kind of sport. Langdon is pulling for you Connie. Good Luck!

The Langdon ball team played 2 games last week; Langdon 5 Indus 3. Langdon 10 Chesternere Tiger's 3.

STOBART

Mrs. Roy Foster is in the General Hospital where she has undergone a very serious operation. We wish her a speedy recovery.

Eileen Collins is spending a few days with her parents prior to her marriage.

Mr. and Mrs. Pomroy entertained relatives from Rockyford on Sunday.

Jim Craig was a Calgary visitor this week end.

Several National Film Board Films are now on tour in Great Britain in conjunction with the "Meet Canada" exhibition.

Should A Shelterbelt Be Thinned Out

(Experimental Farms News)

A definite answer applicable to all shelterbelts cannot be given to this question, "Should a shelterbelt be thinned out". Indeed, so far as thinning out is concerned, each shelterbelt will require specific treatment keeping in mind its age, distances between trees, vigor of trees and how the shelterbelt has been cared for, says John Walker, Superintendent, Forest Nursery Station, Indian Head, Sask.

Thinning out a shelterbelt planted for the purpose of providing shelter will certainly not need to be considered until after ten or more years. Where rows of trees are spaced more than four feet apart, or where growing conditions are tough, this time may be greatly extended. If little attempt has been made to keep livestock out of the shelterbelt, thinning out may already be overdue.

Equipped received at the office of the Forest Nursery Station every year would indicate that planters believe that thinning out is a necessary step in the early management of a farm shelterbelt. Questions concerning the removal of lower branches predominate.

Planters should remember that in a shelterbelt a dense wall of tree growth capable of checking wind is the aim. In fact, to increase branching and to cause the development of as dense a barrier to wind as possible branches along both sides of the shelterbelt might be pruned back. This pruning might easily be done during slack periods in the months of July and August. The development of a dense wall of foliage and branches to prevent entrance of wind and sun to the inside is important in maintaining a soil condition favorable for tree growth.

If evergreens are planted rather close to the inner row of broadleaf trees it is especially desirable that the branches of this row extending towards the evergreens be cut back. There comes a time, however, when the farm shelterbelt should fulfill its second function, namely, to supply some fuel wood.

A Notable Diamond Jubilee

This year 1946 is the Sixtieth Anniversary - the Diamond Jubilee - of the founding of the Dominion Experimental Farms. This remarkable system, this chain of Experimental Farms, is second to none in the world. It is the result of the vision of a notable genius - the late Dr. William Saunders - who 60 years ago was gripped by the thought that something

more could be done in Canada for the advancement of agriculture, so after much travel and thought he inaugurated the Experimental Farms System, which now extends from the Pacific to the Atlantic.

Marquis wheat, which extended wheat growing widely over the West, was the first great achievement. Later came rust-resistant wheats, which have saved farmers, it is estimated, an average annual loss of not less than 100 million dollars a year. Notable improvements, too, have been made with other crops, with livestock

and with livestock products. No one, therefore, can possibly assess the high money value to farmers that has resulted from the work of the Dominion Experimental Farms. It can truly be said that there will never come an end to the great good that has been accomplished for farmers, and so for all Canadians, by the work of this most excellent institution with its crops of talented scientists in agriculture.

The National Film Board has prepared a series of Twenty display panels on Canadian life for distribution by

NATIONAL CLOTHING COLLECTION STARTS TODAY!

Millions in War-torn Lands Need Clothing, Blankets, Boots

WHAT CAN YOU SPARE THAT THEY CAN WEAR?

MILLIONS in Europe and Asia are wearing the same few garments day in, day out ... the only clothing they have. They give each other what help they can ... but you can give so much more. For a while longer the ordinary people, those who caught the brunt of the war, depend on you. In hospitals the sick are lying on straw. Every single garment, each pair of shoes, each blanket or sheet that you can spare means hope for them. Go through your cupboards now. Give every bit of clothing you don't really need.

WHAT IS NEEDED ...

Overcoats
Topcoats
Suits
Jackets
Pants

Shoes
Dresses
Skirts
Gloves
Caps

Sweaters
Robes
Underwear

Pyjamas
Bedding

Special needs are work clothes, underwear, shoes and warm garments. Wash cottons. Don't worry about pressing. Don't worry about buttons. The Canadian Allied Relief will look after these details.

WHAT YOU CAN DO ...

1. Check through your closets and trunks. Make up your bundle of clothing, bedding, boots and shoes. Wrap it in paper and tie it securely. Tie shoes in pairs.
2. Take your bundle to the nearest collection depot or post office - you can include a short personal note with your contribution.

NATIONAL CLOTHING COLLECTION
JUNE 17 to 29 Sponsored by CANADIAN ALLIED RELIEF

More Tourists mean more dollars for her...

but...
CANADA'S TOURIST BUSINESS
is YOUR business too!

THE MONEY spent by American tourists—more than one hundred and sixty million dollars last year—spreads around. It means extra income for every Canadian.

It is to every Canadian's interest to protect this business, to treat our visitors with every courtesy, make them want to come again and again. We will thus be building goodwill and building for the future of this great Canadian industry.

Give them a friendly CANADIAN welcome

CANADIAN TRAVEL BUREAU

Cluny Opens New Hall

OVER FIVE HUNDRED ATTEND
DANCE IN CLUNY'S NEW
COMMUNITY HALL

The new Community Hall recently erected at Cluny, was the scene, on the evening of Friday June 14, of a well-attended Dance. This celebration was unique for two reasons; not only was it the fitting climax to one of Cluny's most successful Sports Days but it also represented a sort of unofficial "Housewarming" for the new hall, this being the first occasion of its use for a public gathering of the Cluny Community.

Work on the building was under the able direction of Messrs. Fred Fairbourn, and G. W. Beattie. Working with crews ranging from ten to forty-eight men, they were able, during the short interval of thirty-four days, to erect a hall of which any community might well be proud.

More than five hundred attended the Dance Friday evening, and refreshments and coffee, donated by the Cluny High School Dormitory, were also served with commendable efficiency by thirty student-residents of the Dormitory.

At the Sports Meet held during the afternoon, more than four hundred gate tickets were sold. The weather, which, in the forenoon, was cloudy and doubtful, had cleared off by noon, so that all events were run off successfully during the afternoon.

While these were taking place, hot dogs, and soft drinks were served to the large crowd by members of the local Women's Institute, in co-operation with the Cluny Board of Trade.

TEMPERANCE FORCES PROTEST EASING OF CONTROLS TO PREMIER

In the face of the present tragic world food situation, and with the threat of increasing accidents from drunken driving on our highways, that you should have refused to have received a delegation representing the Christian forces of Alberta associated in the Temperance movement, is a matter of grave concern.

It was our purpose to respectfully present the case against the removal of rationing of liquor, and the extension of the hours of sale in beverage

rooms.

The world food situation is so serious that for Alberta to allow the untrammelled sale of liquor in the manufacture of which needed food stuffs are used, is not compatible with the humane consideration which should determine the actions of the Government and people of Alberta.

The proposed extension of the period of sale in beverage rooms from eight hours to twelve per day, will add enormously to the danger that comes from drinking drivers, which has already reached startling proportions.

Your refusal to receive a delegation, such as we proposed, is a departure from accepted procedure, a denial of fundamental democratic rights, and an affront to the Christian sentiment of the Province.

In the peace and prosperity of this Christian Province of Alberta, we should not be blind to the tragic need of other lands and use for the gratification of our own appetites substances for the lack of which our fellow men will suffer and die. Let us repress, rather than promote this rising tide of liquor.

Pull your weight - don't throw it around.

CASH MONEY

-and some of it may come your way!

Yesterday Farmer Neilson got over \$800 cash when he sold his grain. Through the processes of trade and commerce, some of that money may come to you. Banking service enabled him to obtain his money quickly.

The farmer doesn't have to wait for his money until his grain reaches the consumer... this is important to you, no matter where you live or what your work.

Farmer Neilson, and thousands like him, spend money for household and farm equipment, food, clothes, radios, paint and a hundred other things. This helps keep people busy all over the Dominion.

Your bank advances credit also to help farmers plant, cultivate and harvest crops of all kinds, to buy and raise livestock. Banking service is something like the good oil in fine machinery, you never notice it. But it is a prime factor in your prosperity... in the Canadian way of life.

To better this service, those of you who require fruits by the case, please let us know your requirements NOW, for it will help us to provide YOU with extra quality at no increase in cost.

WELL DONE SIR!

Your time, energy and skill in farming provided food-stuffs for Allied Forces. It was a war job of which you can be justly proud.

There is still an urgent need for produce from your farm... to feed millions facing starvation. We will do all we can, to help you KEEP UP THE GOOD WORK!

The W. M. S. are entertaining at Mrs. McMurray's home Friday evening in honor of Mrs. Hunt.

Mr. and Mrs. Tommy Chamberlain are receiving congratulations on the birth of a baby girl Josephine Evelyn, June 7th, in the General Hospital, Calgary.

Mrs. Hardy of Calgary was the guest of Mrs. W. E. Thompson, several days during the week.

NAMAKA NOTES

— by M. W. —

The National Grain Co. conducted an interesting experiment at Namaka on Tuesday morning when they sprayed several acres in a local wheat field with Sinsol, a chemically controlled weed killer, which kills annual broad leaved weeds, but leaves the grain crop unharmed. Mounted in a truck, and having a 40 foot wing spread, the unit can spray a good number of acres in a single day. Results are noticeable in less than four hours and a complete kill of weeds affected is possible inside of 24 hours.

The Red Cross Supper, Bingo and apron sale was very successful both financially and socially. Approximately \$135.00 clear was realized. \$100 was sent to the Red Cross Crippled Children's hospital in Calgary. The supper was ably convened by Mrs. L. Atkins, Mrs. E. Baker and Mrs. Mackie. The quilt made by Mrs. L. Atkins was won by Mrs. Sanden (nee Irene Thorsson) who guessed the closest number of pieces in the quilt.

Mr. Walter Mercer is in hospital in Calgary where he is undergoing observation.

Mr. and Mrs. Siemens have had as their guest for a short stay Mrs. Siemens' brother, Mr. J. Duack of Vancouver.

Miss Hogz, District Home Economist, is leaving Friday on a five weeks trip to Colorado in connection with the Dept. of Extension of the U. of A.

C. I. T. PARTY

The J. C. G. I. T. group supervised by their leader Mrs. Elmer Grey had a jolly scavenger hunt, Monday of last week.

Each member invited a friend the number totalling about 25.

They walked out to the Canal where weasens were roasted over a hot fire, and eaten with the gusto given by the thrill of a meal in the out-of-doors. All enjoyed a jolly time.

Mrs. Bob Moon and son Bob of New York City are visiting with her brother, Ray and Mrs. Wilkinson for some time.

Mr. and Mrs. George Risdon left last week for a tour in Washington, which will wind up at Waterton Lakes to take part in the Lions Convention.

Among local members of the Lions' Club who will attend the Lions District Convention this week are: Mr. and Mrs. T. S. Hughes, Mr. and Mrs. Ray Wilkinson, Mr. W. E. Springthorpe, Mr. and Mrs. George Palardy, Mr. C. H. Harvey, Mr. and Mrs. C. Scott, Mr. and Mrs. L. E. Risdon, Mr. and Mrs. M. McKenzie, Mr. and Mrs. Mr. and Mrs. M. S. Hirtle, Mr. Jack Eyres, Mr. Leonard Hilton and Mr. Ed Godfrey.

Miss Gladys Hutchins, District Health Nurse, had as guest over the past weekend Mr. Maurice Holender of Red Deer.

The executive of the Curling Club held a meeting a week ago, and decided to insulate the building and possibly to paint it. Further repairs are left to a later date to discuss.

Members of St. Michael's Young People's held a jolly social gathering on Wednesday evening when a good time was enjoyed by all those present.

Mrs. Garrett is entertaining at Tea Friday in honor of Mrs. Hunt.

Mr. Fonger is expecting in July, his brother Mr. H. Fonger and his wife from the Philippine Islands where Mr. Fonger was engaged in Missionary work for the American Church for some twenty-five years. Mr. and Mrs. Fonger were both interned in a Japanese Camp for three years, and since their release are making this trip to their homeland, but will return.

Mrs. R. J. Milligan had as her guest over the week end, her sister, Miss Eleanor Mayhew.

The Anglican Advance Appeal has attained its objective in the Strathmore area.

Members of the Strathmore Baseball Team are journeying to Lethbridge for two games on Sunday.

Bill Rhodes is holidaying for a couple of weeks at the West Coast.

The apron sale convened by Mrs. Fawkes and Mrs. Watts was well patronized. The picnic tables ably convened by Mrs. Loy Wheeler assisted by Loy Wheeler, Claude Mackie and Myron Hansen was kept busy till the last of the pretty prizes were gone. The committee in charge would like to thank everyone for their generous support in this worthy cause as they are called on so often for donations.

Mr. and Mrs. H. E. Thompson spent the week end in High River attending the wedding of Miss Pollard.

Mrs. Watts is spending the week in Calgary, attending the Post Office convention.

Bobby Biggar motored to Edmonton last week end. We understand there will be wedding bells ringing soon.

Mr. and Mrs. Geo. Quiring are rejoicing over the arrival of a baby girl.

Mr. and Mrs. Robert Thomson have left the Namaka district. They are visiting Mr. and Mrs. J. Lawrie in Calgary until they get word when their boat is sailing.

Mrs. Maude Biggar spent the week end at the farm. Last Wednesday was a very quiet day in Namaka when most of the people were away at the Indian Stampede which was well attended by people from near and far. It was an ideal day.

The School Picnic will be held at the Beaver Dam on Friday June 28th.

SUGAR ECONOMY

Less sugar will be required when stewing fruit if one teaspoonful of lemon is added to every pound of fruit when stewing.

Four tons of bauxite make one ton of aluminum.

Aluminum foil dropped from planes, prevented German radar from locating Allied bombers.

Aluminum is the most abundant metallic element in the earth's crust.

Aluminum is present in all grains, vegetables and fruits, and in milk eggs meats and drinking water.

Canada obtains its supply of bauxite, the ore from which aluminum is made, from British Guiana.

**THE NEED FOR
YOUR
SPARE
CLOTHING
IS
DESPERATE!**

ONLY YOU CAN HELP

Sickness and cold hang like a threatening cloud above the helpless millions over whose homes the rage of war has passed. Lack of clothing is one of the causes. You can help. Dig through your closets—dig out spare clothes—old shoes—beading. Wrap your bundle in paper—tie it securely—tie boots and shoes in pairs. Take your contribution to your nearest Post Office or Collection Depot.
